

Smoke Outlook for 9/14 - 9/15

CentralCoast : Dolan Fire

Issued at: 2020-09-14 05:46 PDT

Fire Information

The fire is contained on the west by Hwy 1. Fire personnel are evaluating structures for structural defense and they continue to scout and complete control lines that will be utilized stop fire growth. For detailed information on the Dolan fire: For detailed information on the Dolan fire:

inciweb.nwcg.gov/incident/7018

Smoke

Expect similar conditions today as yesterday. Very little day to day changing in weather patterns and smoke is acting similarly. A high pressure system remains in place over the fire, with a marine layer along the coast that spreads up the Salinas Valley. Expect limited visibility along the Coast Hwy, Salinas Valley, and low lying areas where smoke and fog mix - especially during dusk, dawn and overnight. Winds over the fire today will be light from the SE with downslope winds overnight.

Health

Create a clean air space in your home. See link below or call California Air Resources Board at 1-800-242-4450 for more information.
